# CARBONLESS SHEETS

| BASIS WT.     | GSM | BRIGHTNESS | OPACITY | CALIPER | SMOOTHNESS | APPLICATIONS     |
|---------------|-----|------------|---------|---------|------------|------------------|
| <b>21 lb.</b> | 79  | 90         | 87      | 4.3     | 150        | Offset & Digital |

30% Post Consumer Waste (PCW) is also available

**ExcelOne® Carbonless Sheets** are designed to run on your offset and digital forms equipment. ExcelOne has a high fiber content and less filler, giving it excellent bulk, stiffness, tear strength and tensile strength. The end result is better runnability.

**ExcelOne Snap-Set®.** Ideal for snap-set or unit-set forms, our pre-perforated, pre-collated forms are perforated a half inch from the top edge or side, eliminating the need for a separate operation.

**Optica® Self-contained Carbonless.** We also developed a self-contained, two-coat technology that prevents smudges in multi-ply forms. It is ideal for specialty forms, credit card receipts and multi-part business forms.

## SUSTAINABLE CARBONLESS

**NatureSolv™.** NatureSolv is a proprietary technology that uses naturally based, organic solvents to create a capsule that is environmentally responsible.

**SFI® Certification.** All ExcelOne sheets meet the Sustainable Forestry Initiative's chain-of-custody standards.

**CleanPress™ CF.** Pixelle's CleanPress CF technology ensures our CF ply runs cleaner to minimize blanket dusting so you can run longer.

**30% PCW option.** ExcelOne Carbonless is also available in 30% Post Consumer Waste (PCW).

## FAN-APART ADHESIVE

Our Fan-Apart Adhesive is specially formulated for ExcelOne and Xcelerator® Plus carbonless sheets. Our adhesive enables glued sets to be ready for use in as little as 30 minutes.

CARBONLESS  
ACCESSORIES

# FAN-APART ADHESIVE

Fan-Apart Adhesive from TST IMPRESO, is specifically formulated for use with carbonless sheets and rolls to create multi-part forms. This adhesive simplifies carbonless jobs by adhering trimmed sheets together, so they easily fan apart into ready-to-use sets.

## EASILY CREATE CARBONLESS SETS

- ✓ Formulated to work with all ExcelOne® and Xcelerator® carbonless sheets
- ✓ All Xcelerator® rolls and select Trans/Rite® rolls are edge paddable
- ✓ Sets in as little as 30 minutes
- ✓ Absorbs evenly, with no harsh odors
- ✓ Available in quarts, gallons and 50-gallon drums
