Engineering Rolls

Alliance Engineering Rolls go through a rigorous inspection and approval process which meets or exceeds OEM specifications for optimum moisture content. All rolls are lint free and protectively sealed in a moisture protective wrap for long term storage. Available in case or bulk-bin quantities. All rolls are produced on a 3” recycled, industrial strength core. The use of high quality paper produces crisp, vivid images that are easily readable and longer lasting.

Specifications

- Brightness: 92 Bright
- Core: 3 in.
- Quantity: 2 rolls per carton or 35/45 rolls per bin
- Designed for use on all leading OEM engineering copiers, CAD and wide format printers including OCE, Xerox, KIP, Canon, Epson and HP.

Applications

- Engineering and Architectural printing
- CAD Output
- Check Plots
- Planning & Designing
- Proofing

Characteristics

- Acid-free, so documents won’t yellow or fade over time
- 92 Bright - Whiter and brighter sheet, increases contrast for greater impact on final prints
- Stiffness properties provide reliable insertion performance after imaging
- Guaranteed performance in all engineering, CAD and wide format applications
