FOR CREDIT CARD READERS:

Designed to thoroughly clean the reading mechanism for credit card readers. A regular preventative maintenance program will eliminate misreads and keep customers happy. Available in both flat and waffle styles.

FOR PRINtheadS:

Designed to remove build-up and contaminants on the thermal printhead within the printer. If you can change a roll of paper, you can clean your printhead!

Now available to ship with your paper orders from any of our 5 manufacturing plants!
